

Savaria® Lowered Floor Conversion for Ram ProMaster

FLEXIBILITY FOR A WIDE RANGE OF TRANSPORTATION NEEDS

EXTENSIVE WINDOW AREA

- Offers passengers bright and spacious feel throughout the vehicle

SEATS UP TO 9 PEOPLE

- Accommodates up to 3 wheelchair positions plus up to 4 additional ambulatory passengers in the back, the driver and a further passenger beside the driver
- Multiple possible seating configurations
- Back row features foldaway seats

INNOVATIVE IN-FLOOR RAMP

- High strength, yet feather light in-floor manual ramp is easy to deploy with little strain using the waist-height handle
- No electronics or hydraulics that require service or maintenance
- 36" width and 9° slope angle for easy access of wheelchair passengers

CENTERED LOWERED FLOOR

- Extends from behind front row to just in front of rear axle offering spacious area for wheelchair passengers with minimal structural change to the vehicle

BUILT ON THE RAM PROMASTER 2500 / 159" WHEELBASE

- Front wheel drive known for low maintenance and operation costs
- Great fuel economy
- Proven track record of reliability in Europe since 2006
- 3.6L Pentastar® V6 engine with optional Liquefied Petroleum Gas (Propane) conversion available by Savaria

“Research told us that fleet managers were tired of the costly maintenance associated with other vehicles in the category. We sought out a chassis platform with lower operation costs.

Our manual ramp means no more headaches from lifts that are out of order. The high strength lightweight material is easy to lift with one hand.”

- Pierre Côté, Engineering Vice President
Savaria Vehicle Group

Meeting the challenges of today's customers with new solutions

“We heard from wheelchair users that a manual ramp provides a better sense of independence and dignity and no fear of being stuck with a broken hydraulic lift.

This conversion should prove to be less costly to operate and offers great functionality and flexibility for group homes, retirement homes and other paratransit clients.”

- Marie Pierre Bourassa, Vice President
Savaria Vehicle Group

Better mobility for life

Savaria is the largest manufacturer of wheelchair minivan conversions in Canada and a leading accessibility company in North America. From wheelchair lifts, to home elevators and accessible vehicles, we are the company that brings mobility to people in the home, in transportation and in public spaces.
